PROFILE SUMMARY

- Computer Engineering student with over a year of hands-on experience building web application.
- Highly creative and versatile web and software developer with broad experience in designing front-end layouts of web-pages and their provided tools.
- Outstanding communication and critical thinking skills, well-developed interpersonal skills alongside exceptional team leading capability.
- Accomplished Frontend Developer with 1 years of experience specializing in React.js and Next.js.
- Proficient in HTML5, CSS3, and JavaScript, with a strong focus on building responsive web applications.
- Expertise in creating SEO-friendly, server-rendered web apps using Next.js for enhanced performance and search engine visibility.
- Skilled in translating design concepts into pixel-perfect, interactive web interfaces.
- Proficient with CSS preprocessors, CSS-in-JS, and component-based architecture for maintainable styling.
- Strong background in integrating RESTful APIs and GraphQL for real-time data retrieval and display.
- Well-versed in Git version control and Agile development methodologies for efficient collaboration.
- Passionate about staying up-to-date with the latest trends in React.js, Next.js, and frontend development, committed to delivering top-notch user experiences and code quality.

TECHNICAL SKILLS

OS: Windows, Linux

Databases: MySQL, Firebase

Frontend: ReactJS, NextJS, Flutter, Typescript

Backend: NodeJS, ExpressJS

IDE Tools: Visual Studio Code, Android Studio

Cloud Technology: AWS

Project Management and Version Controlling : GIT, Github

EDUCATION

Graduated 08/2023

Pokhara University - School Of Engineering

Bachelor In Computer Engineering, Pokhara- 30

- Object Oriented Programming
- Web Programming
- Database Programming and Design
- Operating System Design
- Data Structures

- Design and Analysis of Algorithms

EXPERIENCE

May 2023- Aug 2023

Frontend Developer Intern (Encoders Inc. | Pokhara)

- Collaborated on the development of a modern website, leveraging advanced web technologies.
- Designed and implemented frontend components using ReactJS, enhancing the user interface and interactivity.
- Utilized Next.js for server-side rendering to improve SEO and optimize page loading performance.
- Employed TypeScript to ensure type safety and streamline the development process.
- Integrated Redux for state management, providing a seamless shopping cart experience for users.
- Worked closely with the backend team to consume RESTful APIs, enabling dynamic content updates.
- Implemented responsive web design techniques to ensure compatibility with various devices and screen sizes.
- Participated in daily Agile Scrum meetings, contributing to sprint planning, sprint review, and sprint retro meetings.
- Assisted in testing each sprint deliverable, conducting thorough error handling, and data validation.

CERTIFICATES

- Developing Front-End Apps with React(Coursera by IBM) August 2023 PTCJZ5Q9RV7D
- Using Python to Access Web Data (Coursera) October 2020 J9388Q68FUM6
- Python Data Structures (Coursera) September 2020 3KZV65YFH466
